

# Release notes “MAN\_DPINL\_R2.11”

---

## Overview

The purpose of this release is to provide further clarification on some issues encountered in the Manual DPINL – Specification Data File.

Release “MAN\_DPINL\_R2.11 contains the following change:

- TYPO IN RULE-80014
- CORRESPONDING EU SPECIFICATIONS

### Typo in RULE-80014

With the publication of version 2.10 of the Manual a typo was introduced in the text of RULE-80014. The word ‘not’ was mistakenly removed. This is now corrected in version 2.11:

[RULE-80014] When resending a record (OECD0), the DocRefId must refer to a valid DocRefId. This is a record that has **not** been invalidated or outdated by a previous correction message.
